

Minnesota Chapter Report 2008

We applied for a grant to build the "Pinewood Ranger Station" at the Beltrami County Fairgrounds. There will be a photo what the fire tower site will look like when the building is up, in the "Lookout" Network. If the grant comes through we will start building this spring.

Ken Jackson of Duluth MN, sent me a Google map of the locations of MN fire towers for the MN website: <http://www.paulbunyan.net/mnfiretower/> or go direct to: <http://kjackson.us/towers/index.php>

Ken plans to use his GPS and visit as many fire tower sites as he can during the summer, take photos and add them to the Google map site...

David Quam, Minnesota Chapter Director
