## **2014 Financial and Activities Statements Arkansas / Oklahoma Chapter**

**Activities Statement.** The director was able to participate in the Directors phone conference in January. He also assisted in the search for a 1938 USDA Master Lookout plan document which will be published (probably winter2014/2015 or spring 2015) by the Forest Service Technology and Development Center in Missoula.

**Membership.** We have 8 paid memberships for calendar 2015.

### **Financial Statement**

According to Gary Weber's books, we have \$72.00 in our account and 8 paid members in the Arkansas/Oklahoma Chapter. All photocopying and mailing of information, CDs, maps, and lookout plans has been paid for out-of-pocket as a donation to the Association. The Chapter has made a \$20.00 donation through "GoFundMe" to the "Looking Out For Nancy" fund <http://www.gofundme.com/e9hkw8> in September. Nancy Hood has spent over fifty years watching over the Klamath National Forrest every fire season. In this year's unforgiving fire season, Nancy lost her home to wildfire. I have no expectations of requesting any Association funds for the coming year.

Respectfully submitted:

*/s/ Michael A. Pfeiffer*
